Tourist Association Aims Outlined

Regular meeting of the Drayton Valley and District Chamber of Commerce held in the Town Office last Thursday evening heard an account of the formation of the Evergreen Tourist Association.

The association includes communities in the Western section of Alberta banded together in a co-operative effort to attract tourists to the area. The association is a part of the Alberta Tourist Association and receives the support of the Alberta Government Tourist Bureau which matches money raised in this area on a dollar for dollar basis to the extent of $5,000 for approved projects designed to promote tourism.

Communities taking part in the project are in an area bounded roughly by Leduc on the South, Whitecourt on the North, Devon on the East and West to Hinton. Not all communities within the area have as yet expressed their intention to join and final composition of the association will not be determined until all have been approached.

Drayton Valley representatives on the Board of Directors are Harry Zolmer, 1st Vice President and Howard Pickup.

CHAMBER BRIEFS

At Thursday evening's meeting of the Drayton Valley and District Chamber of Commerce president, A. Braden reported generally favorable response from communities in this part of the province on the subject of forming a regional Chamber of Commerce.

The Drayton Valley Chamber initiated a move to circulate information throughout the area suggesting the formation of such a group that would direct its activities toward promotion of projects affecting Western Alberta.

* * * *

Annual meeting of the Alberta Chamber of Commerce will be held in Edmonton during May.

Cadets to Take Part In Parade

A mammoth anniversary parade of all the Royal Canadian Air Cadets in Alberta will be held in Edmonton on Sunday, April 24, 1966. The parade is to celebrate the 25th anniversary of the founding of the Air Cadet League of Canada and is being sponsored by the Alberta Provincial Committee of this organization.

The Minister of National Defense, the Hon. Paul T. Hellyer, will take the salute. Other notable guests will include such men as Air Vice Marshall Sharp, Commander of Training Command, Westwin, Manitoba, Hon. Grant MacEwan, Lieutenant Governor of Alberta, Hon. Gordon E. Taylor, Minister of Highways, Province of Alberta and Alderman Frank F. Edwards representing the City of Edmonton.

The parade will form up on 109th Street, North of Jasper Avenue on the West side of the street. Each participating squadron will be allotted an area on which to form up prior to the parade. The form up time is 10:00 a.m. sharp.

The parade route will be East on Jasper Avenue past the reviewing stand at 102 Street and Jasper Avenue and continue East to 100 Street. It will then proceed South on 100 Street to 100 Avenue and turn West along 100 Avenue where it will disband and the buses will be on hand to reload the squadrons.

After this the different squadrons will travel by bus to the parking lot at the Jubilee Auditorium where they will form up the Church Parade. Squadrons will march into the Auditorium in numerical order and the Church Parade itself will be held in the Jubilee Auditorium.

All officers in uniform will

Proposed Budget Studied By Board

At the regular meeting of the board of Stony Plain School Division No. 23 held Wednesday, March 30th a rough draft of a proposed budget was presented to the board for preliminary study.

The estimated revenue was shown as $2,006,518.00 and the estimated expenditure as $2,004,815.00 which would produce a surplus of $1,703.

According to the estimated revenue this budget would require a supplementary requisition of 3 mills on the assessment of $28,459,307. The budget was tentatively approved.

In attendance at the meeting were chairman, F.W. Maddock and Trustees, E.R. Lewis, K.R. Goble and William Barth. Also present were superintendent of schools Mr. F. Hannochko and Secretary-Treasurer, A.W. Boychuk.

SCHOOL BOARD BRIEFS

A letter was received from the Drayton Valley Local Board complaining that there was no playground equipment at the Junior Schools. The Divisional Board was of the opinion that most of the playground equipment is quite dangerous on school grounds.

* * * *

A letter was received from the Highway Traffic Board recommending that driver training be given in High Schools and that their department is prepared to offer full co-operation to School Boards who wish to undertake this project.

This could be offered on a voluntary basis which could be offered by any qualified instructor probably after school hours. It could also be offered as a compulsory course carrying certain credits and taught during school hours which would require a properly certificated teacher for instruction.

This matter was tabled.

* * * *

It was reported to the Board that a master key for the Seba Beach school was stolen and the Principal recommended that the 8 outside locks and the one to his office be changed.

The Board agreed to take action to change the locks.

* * * *

Next regular meeting of the Board will be held on April 18th and 19th.

Meeting To Discuss Show

A meeting will be held in the Elk's Hall on Monday, April 18th at 7:30 p.m. to make plans for the production of a stage show during Klondike Kampers Karnival in July.

Intent of the meeting is to determine the number of persons available and to begin organizing the show. Talent of all kinds is required and the committee planning the show would like to hear from anyone in the area who could help produce the show in any capacity -- as well as performers, many others will be required for a variety of tasks to help make the show success. Anyone interested in the show in any way is asked to attend the meeting.

Any questions pertaining to the show or the meeting may be directed to Jack O'Rourke. Phone 542-3311 during working hours or residence 542-3794.

FOREIGN MARKETS

Because of Canada's relatively small population, it must find markets abroad for roughly 50 percent of its annual agricultural production, the Department of Trade and Commerce points out.

With Expo '67 all set to open its doors to an estimated 10 million visitors in one year's time -- April 28, 1967 -- a number of Montreal area bakeries have introduced this novel way to promote the big universal and international exhibition. Pretty Louise Barre exhibits this beautifully decorated cake, bearing replicas in colored icing of the passports to Man and his World, and a bilingual message urges buyers to save by shopping early and to use the passports as an ideal gift.

Former Tomahawk Resident Passes In British Columbia

Funeral services for the late Mr. Gustav Rosin of Coquitlam, New Westminster, were held on Thursday, March 24th at Good Shepherd Lutheran Church in Coquitlam. Mr. Rosin passed away in his 81st year, after a brief illness. Mr. Rosin was born in Poland in 1885 on April 14. He married and came to Canada in 1912 and settled first in Winnipeg. From there they moved to Saskatchewan, then to Calgary and from there to Tomahawk where they homesteaded for 17 years. They moved to McBride, B.C. in 1947 where they resided for 18 years. While there he worked in a logging camp and did carpentry work until his retirement. Moving to the coast in July of last year, they have resided in Coquitlam up until Mr. Rosin's death on March 21st, 1966. Mr. Rosin is survived by his loving wife, Pauline, four sons, Emil, Fred and Albert of McBride and Don of Seba Beach, Alberta; six daughters, Mrs. L. Malterer (Lillian) of Edmonton, Mrs. George Groner (Hilda) of Grande Prairie, Mrs. J.D. Harper (Erma) of Belleville, Ontario, Mrs. Bill Novak (Minnie) of Prince George, B.C., Mrs. John Kopoch (Della) of McBride, B.C. and Mrs. Andy Kivari (Wanda) of Coquillam, B.C. He is also survived by two brothers and one sister, 45 grandchildren and 25 great-grandchildren. Mr. Rosin was predeceased by two children a girl and a boy, one at three months and one at eighteen months. He was buried in the Burquitlam Cemetary in Coquitlam, New Westminster, B.C.

Chamber Meeting

Continued from Page 1

Jack Bright, reporting for the Highways and Transportation Committee, stated that correspondence from the Alberta Department of Highways indicated the base course between Drayton Valley and Alsike on Highway 57 would be completed by fall if weather permitted this summer.

The question of repairs to the Buck Creek road was raised and this will be looked into by the committee.

* * * *

It was reported that the Stony Plain School Divisional Board is making a determined search for a teacher with music teaching capability for Drayton Valley schools.

* * * *

A brief report was heard on progress being made by the committee arranging events for Klondike Kampers Karnival in July.

* * * *

Mr. Howard Pickup outlined the town's proposal in regard to the plebiscite to be held on April 20th. Proprietary electors are asked to vote on By-law No. 356 which would authorize the Council to purchase land at a cost of $40,000 for the purpose of development of residential sub-divisions.

The average "head of household" visiting Expo will be 40 years old and a high school graduate.

Air Cadet Parade

Continued from Page 1

lead their own particular squadron. Squadron banners will not be used, however, identification placards will be be supplied to each squadron taking part in the parade.

Following the church parade all designated squadrons will be immediately dismissed and will march to the Food Service Building on the University of Alberta Campus for lunch. This is necessary because there will be two sittings and squadrons who have a long distance to travel and will be forced to leave the city early will be fed at the first sitting. The Cadets nearer home will eat at the second sitting. All Cadets in uniform will be fed at no charge. All officers and civilians attending will be required to pay $1.15 for their lunch.

Transportation arrangements are not completed as yet, however, it has been decided that the eight squadrons from the Peace River Area will be travelling by Service Bus to Edmonton on Saturday, April 23rd and will be returning immediately after the parade, Sunday via the same transportation. The #726 Golden Squadron will likewise be travelling by bus while the #266 Kimberley Squadron and the #551 Squadron from Whitehorse will be moved in by Service Aircraft on April 23. Both Squadrons will also return home by air. All other squadrons in the central part of the province including our own #733 Squadron of Drayton Valley will arrange for their own transportation. Most of those will likely travel to Edmonton on Sunday morning, returning Sunday afternoon. Transportation arrangements from the Southern centres will be arranged by the Provincial C Committee at a later date.

All squadrons who have bands will be expected to have their band on parade. the parade marshall will be F/L George Fleming of #9 Wing Edmonton. All squadron commanding officers are requested to prepare a nominal roll of all cadets and officers on parade April 24th. This nominal roll is to be turned in when reporting to the parade marshall.

It is the earnest hope of the Alberta Provincial Committee of the Air Cadet League of Canada that every Cadet and Officer in the Province of Alberta will be on parade on the forenoon of April 24, 1966. Parents, relatives and friends of all cadets are also cordially invited to attend and see the parade. For parents of cadets there is no better way of putting your stamp of approval on the wonderful work that the cadet movement is doing in this community than attending this great parade. The motto of the provincial committee for this great extravaganza is:' "Let's show Canada what Alberta Air Cadets can do." How about it?...Let's show them.

Editorial — Comment

Be Sure To Vote

Proprietary electors of Drayton Valley will go to the polls on Wednesday, April 20th to either authorize Town Council to proceed with the purchase of land for residential development or to turn down the request.

This is an important decision and it is important that a true representation of electors decide the issue. Make sure you vote! Councillors have given this matter a great deal of thought and, no doubt, would like you to do the same and then show up at the polls and give them an accurate picture of the wishes of the true majority of Drayton Valley electors.

Rotten Ice Danger

With winter over and with spring budding out all over, it is well to remember the dangers of old or rotten ice.

At this time the Alberta Safety Council warns the structure of the ice changes and it changes underneath where it cannot be seen. What looks like solid ice may be so full of water that the slightest weight will cause it to crumble.

Children, now enjoying the Easter recess and freedom to wander, should be warned of the hazard involved in playing around streams or bodies of water in their present dangerous condition.

Parents To Pay

We believe there is considerable merit in a resolution by the Chatham, Ontario city council calling for legislation to force parents of juvenile vandals to pay compensation for destroyed property.

In almost any community outbreaks of vandalism occur and when juveniles are involved they often go Scot-free and the persons or groups victimized face the clean-up and repair bills. We've seen cases in the past where small children have wrecked skating rink shacks and similar property--parents got them off the hook by offering to set things right but in making it right one or two parents shouldered the whole load -- the rest found it convenient to keep their pocket books closed and themselves in the background.

Compensation may have no preventative effect on these occurences but it will at least provide a measure of help for individuals and community associations in particular who are so often the victims of these senseless episodes.

Centennial Report

1867 1967

by JOHN W. FISHER
CENTENNIAL COMMISSIONER

Report No. 2

A few weeks ago I made a statement during a luncheon address that we at the Centennial Commission in Ottawa are so busy we don't have time time for coffee breaks.

The next day I was passing an open door in our office building and was jolted by a scene which belied my remark of the day before. Two Commission staff members were in spirited conversation--over coffee. Only the fact that the time was 5:15 p.m. (after office hours) softenend the shock to the sensibilities of a stern administrator.

I was invited into the session. The two young staffers were Marcel X, a French Canadian, who had come to Ottawa a couple of months earlier to work on Centennial projects.

"We have made some interesting rediscoveries about the Fathers of Confederation,"

Ramona News

Mrs. Wood, Correspondent

Ramona Community League held its monthly meeting last Tuesday with a fair attendance. Many items were discussed . Next Wednesday the ladies are starting to quilt.

We will soon have some new tables. I'm sure that lots of people will be glad to hear that.

The Ramona Club are going to cater for Mary Ann and Alfred's wedding.

Congratulations to Joe Hruschak and Miss MacDonald whose wedding takes place on April 16th.

Mrs. Edna Kelly has returned from Ontario where she was visiting her sister and friends. We are sure you had a wonderful trip.

Mrs. Marge Pollard spent a few days in the city with her mother who is not feeling well.

Mrs. Dora Stewart has returned to her home on the farm after having spent the winter in the city.

Centennial Report

Cont. from Page 5

remarked Marcel X. "For example, I did not recollect, until I came to work here, that D'Arcy McGee was for a time a separatists. And neither John nor I remembered from history lessons at school that Sir Georges-Etienne Cartier had been exiled for being a rebel with Papineau."

A number of the Fathers of Confederation did in fact have better beefs which stemmed from regional interest and worries about provincial rights, all of which they eventually subordinated to the ideals hoped for in federation. In fact some of those men were abandoned by their constituents at home for being too "pro" confederation. Joseph Howe of Nova Scotia, one of the most talented writers of the confederation period, fumed against confederation yet he joined Sir John A's first government Nov. 16, 1869. (How ironical that on our Centennial train we will show his printing press which he used to whip confederation.)

I believe that involvement in the 1967 celebrations will give Canadians, through their rediscoveries of history, a better understanding of themselves and their place in their country and in the world. We Canadians in 1967 should be in a mood to look at history calmly and objectively and I believe that when we do this we will be helping to create in ourselves a tolerant attitude which will enhance our approach to some of today's problems of nationhood.

The coffee break turned out to be something of value after all. I think that discussions of this sort, particularly among students who, with their teachers and professors will be drawn to them during our Centennial Year, are good for Canada.

The Centennial Commission is actively engaged with Canada's universities on a Centennial program to stimulate the sort of discussion I heard at the coffee break. During the universities program a series of historical seminars will study select areas of Canadian history, with emphasis on topics which are controversial. In addition notable lecturers and artists will make visits to campuses and two touring Centennial plays, one English and one French are to be produced with student actors from across the country. There will be other learned conferences and seminars all of which will encourage our young people to take advantage of lessons learned in the past to chart the future for Canada.

Lodgepole News

Mrs. Norquay
Correspondent

Calgary Power crews have been busy this past week putting up new light poles and light standards in the downtown area of Lodgepole.

The Community Centre put on a successful tea and bake sale last Tuesday, April 5th in the Community Hall. The executive wishes to thank everyone who helped out, also those who came for tea and to buy the baking.

On Wednesday, April 6th there was a Ham Bingo put on by the Community Centre. It was a ten game bingo and the following are the winners of hams: Mrs. Muzzilo; Mrs. Hudson; Mrs. Savage; Mrs. Maine; Mr. F. Androschuk; Mrs. Pedersen; Mr. Art Peter; Mrs. K. McMillan. Consolation prizes went to: Mr. B. Shulta; Mr. H. Zander; Mr. J. Savage; Mrs. Sheridan; Mr. B. Brodersen.

Mr. R. Knapp and Mr. G. Schmidt took the Boys Scouts and Cubs up to look over the Power House on Thursday, April 7th.

Next Friday, April 15th the same two men are planning to take the Boy Scouts and Cubs into Edmonton. They are going to be on the Noon Show and then they are going to visit the Legislative Buildings and also a soft drink bottling plant.

I'm sure the boys and their parents will appreciate what these two men are doing for the group. We hope it will be a huge success.

Last Tuesday night a representative of the Lions International District 37 was in Lodgepole talking with Mr. G. Schmidt and Mr. G. Wiltse about starting a Lions Club in Lodgepole.

If anyone is interested get in touch with either of these two men. The representative will be back on the 29th of April and will show slides and talk on what the Lions can do for a community.

Mr. and Mrs. G. Wiltse and boys are away just now on Easter holidays in B.C.

Mr. C. Carlsen has just returned from a twelve day business trip to Saskatoon.

Mr. and Mrs. G. Schmidt and family spent Easter with Mrs. Schmidt's parents in Stettler.

Mr. D. Daniels is leaving for a couple of days holiday in Red Deer. Miss Karen Knapp will accompany him and visit with her sister, Pat and her husband, Roger.

Johanneson Rink Wins Bonspiel

Drayton Valley and district curlers said "Finis" to the curling for the 1965-66 season with a bang-up novelty bonspiel on Saturday, the 9th of April. The local Mixed League held a closed 'spiel and wound it up with a social in the attractive lounge upstairs.

The Bill Johanneson quartet of Hazel and Maurice McCullagh and Phyl and Bill Johanneson emerged the victors for the day by capturing the Trudeau's Trophy. The win for this rink matched their beginning of the season performance when they took the opening mixed bonspiel in October of 1965.

The 1965-66 season has been an exceptionally successful season from the curlers viewpoint. Ice has at all times been excellent -- facilties have been clean and in good repair -- entrances have been cleared of snow and mud in record time and draws have been very well handled.

For this excellent show we can thank a fine executive and a truly conscientious and efficient maintenance man.

TOWN OF DRAYTON VALLEY

PUBLIC NOTICE

Public Notice is hereby given that a vote of the propietary electors of the Town of Drayton Valley will be held on By-law No. 356 of the said Town of Drayton Valley.

The following is a synopsis of By-law No. 356:

A By-law of the Town of Drayton Valley to authorize the Council of the Town of Drayton Valley to incur an indebtedness on behalf of the said Town in the amount of $40,000.00 for the purpose of purchasing certain lands within the boundaries of the Town of Drayton Valley.for the purpose of developing ínto subdivisions for building sites.

A copy of the said By-law No. 356 has been posted and will be kept posted in the Town Office and may be inspected at any time during regular office hours.

Polling will take place on Wednesday, the 20th day of April, A.D., 1966, between the hours of Ten o'clock in the forenoon and Seven o'clock in the afternoon at the Town Hall in Drayton Valley at Lots 43 and 44, Block 1, Plan 6533 KS, on the South side of 51 Avenue at 52 Street. I will be in attendance at the Town Office on Wednesday, the 20th day of April, 1966 at 8:00 o'clock in the afternoon to sum up the votes and declare the results.

(N.B. At least 10% of the proprietary electors of the Town must vote before the By-law may be deemed to have been submitted to the electors, and at least two-thirds of the vote cast must be for the By-law before it can be declared carried.

GIVEN under my hand and the corporate seal of the Town of Drayton Valley this 28th day of March, A.D., 1966.

W. G. JOHANNESON,
Returning Officer.

Town of Drayton Valley
March 28, 1966.

Dogs And Gardens

April having arrived, our thoughts once again turn to yard cleaning, lawn improvement and gardening. It is at this time of year that our pets also acquire thoughts of wanderlust and just general heel-kicking up.

Now, when these two situations simultaneously occur, something generally is going to happen. And happen it usually does. Somebody gets out and puts a lot of effort and pains into preparing a fine flower bed or re-vitalizes the lawn or gets the back garden all ready for planting. A glow of pride and achievement wells up inside and anticipations for a colorful flowerbed or a clean, green lawn or a fruitful garden lightens the heart and rejuvenates the soul.

Then along comes the neighbor's dog, galloping and jumping with the zest of spring, and paws through the flower bed, the vegetable garden and between the flower bed and vegetable garden gouges a large hole in the lawn. Out the window goes that feeling of satisfaction of a job well done. The adrenals execute in double quick time their message of rage, frustration and outright anti-dog atmosphere. Kindly, hopeful thoughts turn to thunderous revengeful ones. Many words are spoken in anger that will be wished unspoken later. And all because a dog owner did not control his pet.

It is hoped that the foregoing set of supposed circumstances will not happen to you, whether you are the dog owner or the flower bed owner. It really doesn't have to happen if each of us respects our neighbors rights and does those things necessary to ensure them. If you are the owner of a dog it is because you like to own that dog. But it should also mean that you want to care for and control that dog. You also don't want any harm to come to it through your negligence or your neighbor's negligence. Well on the other side of the coin the non-dog owner deserves as much consideration in that he should not be troubled in any way by the actions of your pet. This means a pet should be maintained under strict control at all times by the owner or his agent. If it is not and trespasses on another's property it is a dereliction of responsibility on the dog owner's part and an invasion of the privileges of another individual.

With more thought, consideration and control by all concerned much of the dog problems of this time of the year can be eliminated. Will you do your part to protect your neighbors' rights and privileges?

Principal Attends Conference

Alberta teachers are attending the 49th annual Representative Assembly of their professional organization at the Palliser Hotel in Calgary this week from Monday, April 11th tothe 13th. Those attending include Mr. J. Orieux, principal of St. Anthony's Separate School in Drayton Valley.

Sixty-seven resolutions were were to be considered at this assembly. The president's report was the first to be submitted on Monday, April 11th.

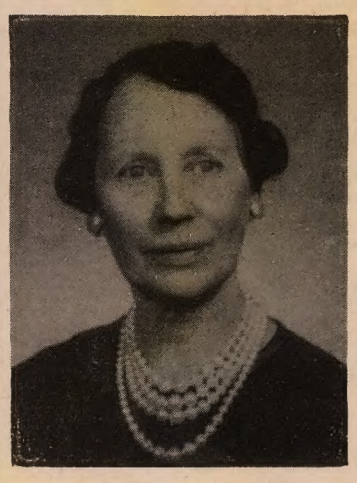
"This annual meeting is the largest in the history of the ATA", Mr. M.W. McDonnell, provincial president, announced, "with 363 representatives in attendance.

In The Legislature

By Mrs. Cornelia R. Wood, M.L.A.

On Friday beginning the seventh week in the Legislature, the rules of the house were suspneded to honor three Alberta teams winning Canadian Sports' Championships since last summer. They were the Willingdon Cup Golf Championship won by Keith Alexander, Doug Silverberg, Bob Wylie and Ray Rhoades of Edmonton and the Hazel Jamieson rink of Edmonton, Canadian Womens' Curling Championship and Ron Northcott of Calgary, Canadian Mens' Curling Championship.

Premier Manning introduced a motion calling for legislation next year to rebate the 75% of Federal Estate tax to Alberta amounting to between



Mrs C.R. Wood, M.L.A.

four and five millions of dollars a year. Many wealthy people now retire in the Bahamas and other places to escape the Canadian Estate Taxes. If this tax were removed, he said, people would remain in Canada and make their money available for investment in industry thereby creating more jobs and improve our economy.

First reading was given a bill to allow the Provincial Government to refund income taxes paid in 1966 and thereafter by gas and electric utility companies to the Federal Government. Ninety-five percent of the Federal Income Tax paid by the companies will be returned to them with the understanding that the savings will be passed along to the consumers.

Committee of the whole as assembly spent most of the afternoon giving clause by clause study of the Child Welfare Act which is a revision of the present act with consolidation of amendments made in the past. It clarifies the meaning of some provisions and simplifies administrative procedures. It is divided into five parts dealing with administration, neglected and dependent children, adoption, children of unmarried parents and transitional provisions.

Abuse of children by neglect, abandonment or physical ill treatment will be reported by doctors to the welfare officers or the Attorney-General's department. A maximum fine for child abuse is increased to $1000 and in default of payment of the fine, the offender may be sentened up to two years in jail.

Three choices will be given a parent when giving up her child for adoption. The Act allows the natural mother to say she has no preferences on religion of the adoptive family, or that she has a preference but she does not want it unduly delayed in placing

The Modern Approach

Alberta farmers should be commended for the adjustments they have made during the last 15 years to changing agricultural conditions.

This statement was made by Jerry Jones, Supervisor of Farm Management with the provincial Farm Economics Branch, who went on to point out that a continuation of the farm cost squeeze will demand still more adjustments.

Mr. Jones says that decisions which were fairly simple only a short time ago, now require much more rigorous analysis. Each farm must be examined piece by piece and enterprise by enterprise to find the "blocks" that are holding up the income producing potential of the farm.

Business analysis and partial budgeting, says Mr. Jones, are the keys to unlocking farm resources. These tools, which are far more effective than the trial and error methods, are needed to dispose of trouble spots in the farm business.

Land, capital, labour, equipment and management must be put to work in the right places and in the right proportions to reduce uncertainties and unknown if a reasonably high standard of living, security, recreation and enjoyment are to be attained.

According to Mr. Jones, an ever increasing number of farmers are finding it necessary to use modern tools, techniques and principles in managing their businesses in order to enjoy farming as an occupation and a way of life.

Successful farmers are the best evidence that these tools and principals really work. Skill in their use can be obtained by participating in a Farm Accounting Club, a Farm and Home Group or a Farm Management Association

Contact your local district agriculturist, home economist or regional farm economist for information on these programs.

In The Legislature

Continued from Page 9

the child in a good home of her preference, or when a definite preference is made the welfare department will make every attempt to meet that preference within one year and then be free to direct that the child be placed in a good home. These changes made in adoption were made as a result of recommendations made by a committee on Child Adoption appointed in November, 1964.

Monday the rules of the house were again suspended to honor the fourth group of champions, the Brian Howse High School Curling rink from the William Aberhart High School in Calgary winners of the National Championship.

In the committee of the whole assembly, clause by clause study was made of the Bill creating a new Department presided over by a Minister of Youth to initiate foster and encourage orderly development of all forms of constructive youth activities and to stimulate youth training for leadership and in physical fitness programs by groups, organizations and individuals. The Premier stated that a minister would be named as soon as the government can get round to it and that the department was necessary because there is a higher percentage of people in Alberta under 25 years of age than in any other province.

The session adjourned until Tuesday following Easter.

The Editor,
The Western Review,
Drayton Valley

Dear Sir:

Please grant me space to answer the message from the Mayor as a taxpayer.

Re: Purchase of Deby quarter.

This may well be the next logical development, however it is 10 to 20 years too soon as pointed out by the Mayor. We have from 100 up vacant lots wasting our tax dollar without adding to it. As to preserving borrowing power, if we lost some it could work to an advantage.

If we buy this we are in the real estate business and $40,000 won't near pay the bill for land, sewer, water, curb, gutter, sidewalks, new streets and paving. This all would be necessary to sell lots. As this area has been advertised as above-average homes, $25,000 and up, Mr. Average should not be asked to finance it.

The Nursing Home is a very desirable project but if a $40,000 sewer line is necessary, good business would demand moving it.

You people who will vote this out, don't sell out for lack of faith, on the contrary it shows your faith and good judgement.

Yours truly,
"A.G. Chesterman"

Evansburg News

Mrs. Bruner, Correspondent

On the first the Pembina Beef and Forage 4-H Club held their regular meeting at the Mazeppa home. A very busy Easter week was planned with a beef judging day, a trip to a fertilizer plant and the Planetarium as well as a tour of the members' beef animals. There is also a public speaking contest to be held at Tomahawk which some of the members would like to take in. It also seems as if the club has won prizes at the Provincial level with some grain samples, but at the moment have not much information on this. Hope to have more soon.

The Cub-Scout group committee held their regular meeting also. Main topic of discussion was the camping the Cubs will do in June. Mr. Grassi was volunteered to beg, borrow or otherwise obtain a sufficient number of tents to house the boys on a two-nite campout. Of course, wherever there are boys, adults in sufficient number will have to be there to look after them and especially mothers to feed them. Anyone, especially with boys in the group, whose services are offered will be certainly appreciated by those organizing the camp. The Cubs are already in training to come up with some of the ribbons offered in competition at the Cub Rally to be held at the end of May. The Scouts. too new a group to be able to go camping, are coming steadily ahead with their basic training. Both groups will take part in a Cub-Scout family bean supper in the near future.

The volunteer firemen were shown films on rescue which were very educational and interesting.

A flying visit was made by Mrs. Bruner's mother, Mrs. Clark of Hixon, to see all her grandsons.

Mr. and Mrs. T. Mitchell have left for a trip to the coast but by the time this is printed will probably be back home.

An Emergency Organizations course was held in the village for four days last week. Those participating received pins and awards. Another course along the same lines will be held in the fall again.

The Chamber of Commerce held their meeting last week, discussing matters of interest to the village and surrounding districts.

Soon, now, the Easter holidays will be a thing of the past and the children will be back in school to finish the term. The elementary school children were given their report cards before Easter and the High School students will be writing tests for their reports to be given out soon.

Dr. Horner Reports From Parliament Hill

Parliament has been sitting since the 18th of January. Because there was an election last year, the first thing that had to be considered were last year's estimates. This took up the first two months of the session.

The Spencer and Munsinger affairs took up another two weeks. Whatever you may think from the newspaper reports, there are important principles involved in these cases which affect each of us individually and are therefore important to Parliament.

Sometimes the press forgets that Parliament's main job is to protect what we have and its lesser job is to change statutes from time to time, but only after a full examination. It is not parliament's job to rush through a lot of new bills helter skelter. The fact is that there is no major legislation on the order paper (although there may be some in the press) at the present time, and such things as Medicare, Canada Assistance Act, the Development Fund are still imaginations of the Government as they have not been brought before Parliament.

Locally we have had a great deal of difficulty with PFAA due to a change of interpretation of the Act by senior officials. We have challenged this and expect to appear before the PFA Board of Review during the Easter recess in an attempt to change their interpretation. This has been particularly bad in all of wet areas, and my colleagues Ged Baldwin, Peace River; Harry Moore, Wetaskiwin; Jack Bigg,

Town Council Plans Ahead 15 Years For Residential Development

By this plan Council hopes to achieve the following advantages for the Drayton Valley ratepayer:

1. Control of land costs and prevention of land speculation over this 15 year period

2. Prepaid utilities, thereby cutting costs of interest on borrowings; also thereby cutting necessity of borrowings and preserving borrowing power; also thereby providing utilities including pavements, water, sewer, boulevards, curbs, gutters and sidewalks.

3. Provide a development program for our realtors that will simultaneously absorb the costs of: (a) sewer mains to service the proposed nursing home as well as the "Dodson area" development; and (b) sewer outfall line which serves the industrial area plus the proposed area. Both of these will otherwise become a ratepayers' burden...upon ratepayers in other areas not even served by these facilities.

At the present conservative rate of growth, this area will be filled within the next 10 to 15 years and we will need to be planning further development.

Please get out and vote, and give your Council the authority to proceed with these plans on your behalf and for your benefit.

Remember....the Plebiscite is April 20th.

Aluminum forms more than 8% of the solid portion of the earth's crust down to a depth of ten miles.

WHO'S NEW

April 3rd - Mrs. Lester Hutchinson (Sharon), Easyford - Boy - 7 lbs. 1½ ozs.

Notice Dog Owners

Excerpt from By-law No. 233 Town of Drayton Valley.

"The owner, keeper or harbourer of any dog or bitch that habitually runs or barks after motor vehicles, horses, cows or other animals or that becomes a nuisance in any way whatsoever shall upon receipt in writing from the Town Constable or other official appointed by the Council take such steps as are necessary to abate the nuisance he shall be guilty of an offence under this By-law and a Magistrate after a proper hearing, if he shall be of the opinion that the dog or bitch is a nuisance, and that the owner, keeper or harbourer has failed to take sufficient and necessary steps to abate the nuisance after proper warning shall have the power to order the Town Constable or other official aforesaid to remove and destroy the dog or bitch, and the owner, keeper or harbourer thereof shall have no right to compensation for its loss."

DR. H. HORNER REPORTS FROM PARLIMENT HILL

(Continued From Page 11)

Athabasca and myself are working jointly on this matter in an attempt to bring justice to our areas.

There is a great need in our area for forage banks and I am making specific suggestions along this line to local communities to see if we can get some started with ARDA Assistance.

There has been a lot of protests with regard to the Canada Pension Plan. There is no doubt that this has been a major cause in the rising costs and will be a major headache to our farmers. However, I would advise patience here and I believe that things will be worked out so that it will be advantageous to our farmers.

Mr. Sharp's first budget has been brought down and is a stand-pat one with little imagination. Higher income taxes and direct government interference to slow down the economy are to my mind doubtful necessities. I would have rather seen more encouragement to labour mobility, more imagination in making our money produce more as a check on inflation rather than the worn out methods of higher taxes and higher interest rates.

Children often poke small objects such as buttons, nuts or pieces of toys into their ears or noses. Probing for these can cause damage -- removing such objects is a doctor's job.

COMING EVENTS

RUMMAGE SALE to be held Friday, April 15th from 2:00 to 5:00 p.m. in the Bakery Basement sponsored by the Church of God W.M.S. a6,13c

CARD OF THANKS

We wish to thank everyone in Alder Flats, Buck Lake, Drayton Valley and area for the help you all have recently given us, and for the dance put on in our behalf.

We're sorry we were not able to attend but we really appreciate all you have done for us.

A special thanks to those who organized the dance. Your kindness will always be remembered.
